

CS BEEF SHOW FINISHER 12%

PRODUCT CODE: 1003

FEED TYPE: Textured, Caramel-flavored

NON-MEDICATED

CONTAINS CLARIFLY

For prevention and control of house flies, stable flies, face flies, horn flies, and manure breeding flies in the manure of treated cattle.

FEATURES & BENEFITS

- CS Beef Show Finisher 12% is a complete texturized feed. Complete with steam flaked corn, oats, cottonseed hulls and beet pulp shreds, this finisher will provide a high fiber ration in order to decrease forage needs. Recommended to be used about a month before the show, to create a more defined muscle tone to take your feeder calf to the top!
- **Multiple protein sources** to increase muscle tone and structure.
- **High vitamin levels** to help increase energy
- **Fixed formulations:** Our formulas use only carefully-selected premium ingredients that provide the best nutritional value.
- **Expertly Formulated:** A team of experienced nutritionists create balanced formulas to meet all the nutritional needs of your show beef.
- **Health & Productivity:** CS Beef Show Finisher 12% is designed to balance protein, fat, fiber, and vitamin levels to ensure optimal nutrition and performance.

FEEDING DIRECTIONS

CS Beef Show Finisher 12% is specifically formulated to supply the needed energy, protein, and micro nutrients needed by finishing show steers and heifers. Typical feeding rate is 10 to 20 pounds per head daily depending upon animal body weight and condition. Feed along with long stemmed hay. Provide a fresh, clean supply of water at all times.

WARNING: This feeds contains supplemental copper. Do not feed to sheep.

CAUTION: The safety of Lasalocid in unapproved species has not been established. Do not allow horses or other equines access to formulations containing Lasalocid as ingestion may be fatal. Feeding undiluted or making errors resulting in excessive concentrations of Lasalocid could be fatal to cattle and sheep. Do not feed to lactating dairy cows.
