

TURKEY START 28 AMP

PRODUCT CODE: 294

FEED TYPE: Crumbles

MEDICATED - AMPROLIUM

0.0125%. As an aid in the prevention of coccidiosis where immunity to coccidiosis is not desired.

FEATURES & BENEFITS

- Complete, balanced, high-energy diet designed to help poult get off to a fast, healthy start. Promotes feather development.
- **Fixed formulations:** Our formulas use only carefully-selected premium ingredients that provide the best nutritional value.
- **Expertly Formulated:** A team of experienced nutritionists create balanced formulas to meet all the nutritional needs of your turkeys.
- **Health & Productivity:** Turkey Start 28 AMP is designed to balance amino acids along with protein, fat, fiber, and vitamin levels to ensure optimal nutrition and a strong, healthy start.

FEEDING DIRECTIONS

Feed Walnut Hill 28% Turkey Starter as the sole ration to newly hatched poult for the first 6 weeks, then mix 75% Walnut Hill Turkey Starter with 25% Cracked Corn for 6 weeks. At 12 weeks of age, mix 50% Walnut Hill Turkey Start and 50% Cracked Corn until finish. This formula may be changed as desired. Maintain a fresh, clean supply of water at all times.
