

NG 16% LAYER MASH

PRODUCT CODE: 700

FEED TYPE: Meal

NON-MEDICATED

FEATURES & BENEFITS

- Non-GMO, complete, high-energy grain diet formulated to support egg production in layer chickens. Fortified with calcium.
- **Fixed formulations:** Our formulas use only carefully-selected premium ingredients that provide the best nutritional value.
- **Expertly Formulated:** A team of experienced nutritionists create balanced formulas to meet all the nutritional needs of your poultry.
- **Health & Productivity:** NG 16% Layer Mash is designed to balance amino acids along with protein, fat, fiber, and vitamin levels to ensure optimal nutrition and maximize egg production.

FEEDING DIRECTIONS

Feed as the sole ration to laying hens. Feed from the time the first egg is laid throughout time of egg production. Supply grit and plenty of fresh water at all times. Oyster shells may be supplemented but are not required.
